

# MOU for Book Prize Sponsorship by Auditor-General's Office (AGO)

1 Oct 2014

On 22 August 2014, Auditor-General Willie Tan and Singapore Management University (SMU) Vice-Provost (Undergraduate) and Dean of School of Accountancy, Professor Pang Yang Hoong, signed a Memorandum of Understanding for the sponsorship of the Auditor-General's Office (AGO) Outstanding Achievement Award. The Award would be given to the top third year accountancy undergraduate at SMU.

The Award is part of AGO's overall human capital development strategy to develop a world-class public sector auditing. It will create opportunities for undergraduates to understand AGO's work as the national auditor by offering recipients internship opportunities in AGO.

By raising awareness among accountancy undergraduates about the important work done by AGO as the national auditor, it aims to encourage more accountancy undergraduates to pursue rewarding careers in this field. Visit [www.ago.gov.sg](http://www.ago.gov.sg) to obtain more information about the work in AGO.
